We have to check every event, so it is in a queue.

You are now Registered!

Once we have checked it you will receive an email confirming it has gone through and the status will change

Amend / cancel

Cancellations will be immediate

To amend the entry go back into the organiser area and request your changes. Amendments will show on the website asap once processed by the HODs team.

Registration tips

Here's a little detail on the process to help you submit your event/s.

How to register an event

1. Go to **My contact details** – update your details and confirm the organiser agreement for this year. Save the page, it should take you straight on to the My events section.
2. Go to **My events**
 - **TAKEN PART BEFORE?** Click the '**Archive**' tab, scroll down and you should find your event/s from previous years with a 'Register/amend' link in the 'Action' column of the table, click this (Nb. It won't show until you've confirmed the organiser agreement).
 - **NEW?** Click the '**Create new entry**' button.
3. **Registration form** – fill it in and **SUBMIT** to take part this year!
 - Save as you go - it shouldn't take long but after 10 minutes of not clicking the session will time out, so do use the save button to avoid losing work!
 - Save & preview – for an idea of what the entry will look like on the website. This is a chance for you to spot typing or formatting issues before submitting it. We may not see it before it's published, so make sure you're happy and it meets our criteria.
 - Go back to edit – having seen the preview you can go back to tweak the form until you're happy. You can then preview again or just Submit it.
 - Submit! – clicking the pink button (which only unlocks when you preview an entry) takes you back to the My events page, where your entry will now appear under the 'Submitted this year' tab. There should be a green notice at the top of the page explaining all is well. If you stay on the form and see a red notice, something is amiss – it should highlight what needs changing.

Nb. '**Save as draft**' – gives you the option to save the form for later if you're not ready to submit the details to us. You'll find these drafts under the '**Works in progress**' tab on the My events page.

After submitting your event

Every event has to be checked by the team before being fully registered as part of the festival. Once you've submitted your entry it will be in a queue awaiting our attention. Being a small team this may take a few weeks, particularly if you submit in August. Once we've checked it you'll receive an email confirmation. You can also check progress by looking at its 'status' in the table, it should update from 'Submitted for review' to 'Registered-R'.

Amendments / Cancellations

Once submitted you will no longer be able to edit the main form, but you will now see links to cancel or amend the entry in the Action column of the table.
